

SizaBantwana Wish List

July 2011

- School uniforms. A full uniform set cost R300; we need school uniforms for 38 children.
- We need 5 additional laptop computers for our Reading Power Program. This will enable us to facilitate a further 50 children on the English reading skill improvement programme. Many children struggle to read, this is an excellent programme to improve their reading skills.
- Books; story books aimed at Primary School level.
- Blankets – always a big need - especially in child headed homes. The winters can get very cold, even in the Lowveld.
- Brush cutter (petrol driven) to cut the grass at three of the care centres.
- A bakkie (half ton pick-up) something like a Corsa or Bantam.
- Bicycles for care workers (8); some of them have to walk long distances. We also started a “bicycles for fun” programme, where children can enjoy riding and learn how to service and maintain a bicycle.
- Steel tables; 5 urgently needed and twenty strong plastic chairs.
- Steel double door filing cabinet * 2.
- Chest deep freeze (medium size).
- Puzzles, toys, and “hoola, hoops” are very popular.
- Toiletries, particular toothbrushes and toothpaste; also bath soap, facecloths and deodorant.
- Last but not the least: MONEY is always welcome to enable us to bring hope to children in a hopeless situation.
